

Instructions for Supplemental Jury Questionnaire

This questionnaire is designed to obtain information about your background as it relates to your potential service as a juror in this case. We are using it to shorten the jury selection process. The purpose of these questions is to determine whether prospective jurors can decide this case fairly, based solely on the evidence presented at trial and the instructions on the law given by the judge. The parties and the Court have agreed that all information contained in this questionnaire will be kept confidential; to the extent the Court is ever required to release any responses in the questionnaires, your name will not be publicly released.

You are sworn to give true and complete answers. Please respond to each question. Do not leave any questions blank. In completing this questionnaire, please use the space provided after each question. If you need more space, please use the page provided at the end of the questionnaire, indicating the number of the applicable question. If a question does not apply to you in any way, write "N/A" rather than leaving the form blank.

Your candor and honesty are necessary so that both the prosecution and the defense will have a meaningful opportunity to select an impartial jury. Your cooperation is of vital importance.
